

Education

CURT 
Bramble

UTAH STATE SENATE • 16

“Curt and his wife Susan have been consistent in their support of Utah’s Education System. They regularly donate their time and resources to Provo’s schools. We need Curt in the Legislature.”

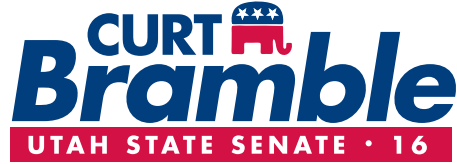

COLLEEN DENSLEY

“Thank you for the RDA reform bill that you sponsored. Since the implementation of your bill, the School Board has become an active participant in quality economic development discussions. I believe our school district has been strengthened and the taxpayers of the city have benefited from the collaboration that your bill has encouraged between the City and the District.”

RANDY MERRILL

“In the last eight years, no one has done more for public education than Senator Curt Bramble. Simply put, he and his wife are strong advocates for public education. His RDA reform legislation has protected public education’s tax base. He has worked hard to ensure that teachers are paid more and our children have more resources in the classroom. If education is your top priority, Curt Bramble’s leadership has delivered for you.”

MARK CLUFF, VICE-CHAIR STATE BOARD OF EDUCATION

Education in Utah

- During the 2008 legislative session the Legislature appropriated over \$3.7 billion to support public education, approximately a \$440 million increase over 2007.
- In the last five years education funding has increased over \$1.3 billion and Utah invested almost \$4 billion aggregate new money in public education during the same time.
- Since 2000, total education funding has increased over 73%
- Annual Teacher compensation has increased over \$4200 the last two years and teachers received \$1,000 one-time bonus.
- \$10 million appropriation for reimbursement for teacher expenditures in the classroom.
- Invested almost \$1 billion in class size reduction over the last 10 years.
